

CaseID: 202045070

Hospital: Contoso HealthCare

Location: Miami

Event Date: 6/5/2015

Event: Overexertion in holding, carrying, or wielding-single episode

Nature: Swelling, inflammation, irritation-nonspecified injury

Final Narrative	Hospitalized	Amputation	Part Of Body	Source
An employee was responding to an emergency medical call for a near drowning. The employee had to carry equipment about 1/4 mile through tall grass to get to the location. The employee had performed emergency medical treatment and then experienced lightheadedness and shortness of breath. The employee was treated in the emergency room and admitted for observation.	1	0	BODY SYSTEMS	Luggage, handbags, unspecified
